

## Extend the Period for Meeting Mining License Issuance and Renewal Requirements

### Initiative Owner

The Ministry of Industry and Mineral Resources

### Initiative Objective

To give investors a window to meet requirements in light of the precautionary measures taken to suspend businesses as well as postponing payment of license issuance and renewal fees

### Initiative Description

Extend the period for meeting license issuance and renewal requirements for (90) days.

### How to benefit from the Initiative

Each applicant for license issuance or renewal is required to meet a number of requirements, whether procedural or financial.

This initiative shall help in taking into consideration precautionary measures to suspend businesses as well as postponing payment of license issuance or renewal fees. Extension shall be made automatically for all eligible investors on database and each license holder covered by the initiative shall be notified.

### Target sectors

Private sector enterprises operating in mining investment.

### Initiative period

Start date  
23/03/2020

End date  
20/06/2020
